

## Invitation to a Focus Group Discussion on the making of a Policy on the Matters of Immigrants and Refugees - Reykjavík

Iceland's first [policy on the matters of immigrants and refugees](#) is currently being developed by the Ministry of Social Affairs and Labour.

The aim of the policy is to provide people, who settle here, the opportunity to better integrate (inclusion) and actively participate in both society in general and the labour market.

To ensure the voices of immigrants and refugees are reflected in the policy, conversation and consultation with immigrants and refugees is important.

As part of this process, the Ministry of Social Affairs and Labour would like to invite you to a Focus Group Discussion on the matters of refugees in Iceland.

The discussion will be held in **Reykjavík** on **Wednesday February 7 from 17:30-19:00** at the **Ministry of Social Affairs and Labour** (address: Síðumúli 24, Reykjavík).

At the meeting we will present the policy making process and listen to your views on the most important issues affecting refugees in Iceland and the path to a future vision.

Participation in this discussion is voluntary. Ideas and opinions expressed during the discussion will be written down for the purpose of drafting the policy but will not be linked to individual names or personal information.

We value your input. This is a unique opportunity to have a direct influence on policy regarding immigration and refugee matters and participate in shaping a future vision.

The meeting will be held in English and/or Icelandic depending on needs with interpretation available.

***As this is a closed small group discussion with limited space, if you would like to participate, you must register by filling in the form at the link below and include the language in which you would like to participate/if you would like an interpreter.***
